There is some talk of forming a State Press Association.

We learn that on Wednesday last, Dr. T. B. Legare was married to Miss

to attend to his usual business. A joint resolution has passed, authorizing the county commissioners

of Orangeburg County to levy a special tax of three mills. Mr. D. Louis will soon commence

the erection of a brick building on Russell street, to be used by Mr. T. W. Albergotti as the Orangeburg bakery.

School Commissioner.

It is an outrageous shame that the School Trustees of Orangeburg County. besides appointing teachers who are incompetent, will actually issue certificates far beyond the levy made to meet the account, the consequence being that only the fortunate teachers who come first to the Treasury office get paid, while the others have to go unpaid altogether, or until a special levy is made for back ac- pardon or a reprieve, and seems very enough now to do better, if they choose.

The above is from the last issue of the Times. It certainly does not augur well for the conjugal felicity of the new couple. In the mutual confidence arising from the new relation. we presume the Times will now be favored with a glimpse behind the curtain. We hope the public will now learn what has become of that neat little pile of the people's money. The Citizen will say a word about the School Trustees and the school fund in our next issue.

ADVERTISEMENTS. MISCELLANEOUS.

THE

SOUTHEASTERN ADVOCATE.

There is soon to be a paper entitled as above, issued from this office, and published in the interests of the M. E. Church in this p rtion of our work.

Since the unwise removal of the Charleston Advocate, our work has been enlarging and extending in this section and demands multiplying for a local organ. The Charleston Advocate was for two years published in Charleston. It was during this eventful period in the history of our cause in the South, one of the most important auxiliaries of our work. Its removal left a vacant place here which has not since been filled. It is an old saying, "that blessings brighten as they take their flight." This was em phatically true in reference to our daper for this coast. Many were taken by surprise at its sudden removal and were auxious for its return. If we had been as fully advertised of the wants and wishes of the people in this section, before the transfer of that paper to Atlanta. Ga., as we were after it was done, it would never have gone from us. The Methodist Advocate is a good paper and ably conducted, but it is too distant from the Atlantic coast to meet our local wants in this section. Our work on this coast differs in some particulars from our work in the section of Atlanta, or the valley of the Mississippi. Its peculiar phases eaunot be met by those who live at a distance from us, and are not conversant with the exigencies and demands of this section. The people will have greater interest for
